**District Services Planning and Program Review Subcommittee Charge:**

The charge of the District Services Planning and Program Review (DSPPR) Subcommittee is to advance continual, sustainable quality improvement at all levels of the District Services to support student success. Toward that end, the committee conducts a thorough and comprehensive review of each unit at District Services on an annual basis and oversees the annual District Services planning and program review process. The results of planning and program review inform the integrated planning and resource allocation process at the District Services and are aligned with the district strategic planning process. The committee relies on quantitative and qualitative evidence to evaluate programs, develop recommendations to the Institutional Effectiveness Advisory Committee, and determine and implement improvements to the District Services Planning and Program Review process.
