

Number and Percent of Fall 2013 and 2015 Crafton Hills College Students who live at Home and on their Own

Prepared by Keith Wurtz

Purpose of Brief

The purpose of this brief is to identify the number and percent of Crafton students who live on their own without their parents in Yucaipa.

Summary of Findings

How many Fall 2015 Crafton Students who live in a **primary Crafton service area city** live on their own?

- 1,349 (27%) CHC students live on their own

How many Fall 2015 Crafton Students who live in **Yucaipa** live on their own?

- 316 (25%) Fall 2015 CHC Yucaipa students live on their own

How many Fall 2015 Crafton Students who live in **Yucaipa and Redlands** live on their own?

- 659 (26%) Fall 2015 CHC Yucaipa and Redlands students live on their own

What change occurred from Fall 2013 to Fall 2015 in the number and percent of students who live on their own?

- The number and percent of students who live on their own increased from 1,136 to 1,349, an increase of 213 or 19%

Overview

Yucaipa City is exploring the possibility of developing a Crafton Hills College Village. To help inform that decision the City asked Crafton to provide the number and percent of Crafton students who live at home with their parents in Yucaipa and those that live on their own in Yucaipa.

Methodology

Crafton does not ask all students whether or not they live at home. The only place where Crafton collects this data is through students who apply for financial aid. In order to identify the Fall 2013 and Fall 2015 students who applied for financial aid, two files were obtained from Crafton's Management Information System, one directly from Ellucian and one indirectly through Informer. The grades (i.e. STUDENT.ACAD.CRED) file obtained directly from Ellucian was used to identify students who earned a grade on record (GOR) in Fall 2013 and Fall 2015. A student earned a GOR if they earned one of the following grades in at least one course: A, B, C, D, F, P, NP, I, or W. Whether not a student lived at home or not was obtained from the following field in the CS Financial Aid file obtained through [Informer](#): SA.PKG.CB.COST.

A **limitation** to both the Fall 2013 and Fall 2015 data provided is that a large proportion of students in both semesters did not complete a financial aid application. As a result, there are 2,121 (37%) Fall 2013 students and 2,521 (42%) Fall 2015 students where we do not know whether or not they live at home or on their own.

Findings

When examining the 4,882 Fall 2013 students who live in Crafton's primary service area city (i.e. 100 or more students enrolled), 1,136 (23%) live on their own, 316 students who live in Yucaipa live on their own, and 297 students who live in Redlands live on their own (see Table 1 on following page).

Similarly, when examining the 5,077 Fall 2015 students who live in Crafton's primary service area city, 1,349 (27%) live on their own, an increase of 213 (19%) students in Crafton's primary service area who live on their own. In addition, the percent of Yucaipa students who live on their own increased from 24% in Fall 2013 to 25% in Fall 2015. Moreover, the number and percent of Redlands students who live on their own increased from 297 in Fall 2013 to 343 in Fall 2015, an increase of 46 (15%).

Table 1: Number and Percent of Fall 2013 and Fall 2015 Students who Live in Crafton's Primary Service Area Cities and Live on their Own.

Primary Service Area City	Fall 2013			Fall 2015		
	# Live on Own	# Live in City	% Live on Own	# Live on Own	# Live in City	% Live on Own
Banning	39	127	30.7	42	132	31.8
Beaumont	95	398	23.9	136	494	27.5
Calimesa	24	131	18.3	39	140	27.9
Colton	28	113	24.8	35	130	26.9
Highland	96	581	16.5	117	609	19.2
Loma Linda	41	177	23.2	47	216	21.8
Mentone	62	211	29.4	53	191	27.7
Moreno Valley	31	117	26.5	40	106	37.7
Redlands	297	1,246	23.8	343	1,264	27.1
San Bernardino	107	461	23.2	181	549	33.0
Yucaipa	316	1,320	23.9	316	1,246	25.4
Total	1,136	4,882	23.3	1,349	5,077	26.6
